Responsibility (T-1): Advise on methods of integrating NBC defense into all aspects of unit training.

Steps / Procedures	Local POC	Remarks/References
* Effective NBC training is conducted at the lowest possible level by first line supervisors, squad leaders or section leaders, people that are responsible for all training. These leaders should also be trained and equipped to conduct effective, realistic NBC training, the job of the unit NBC NCO. To accomplish this, the unit NBC NCO should:	CO NBC Off; BN NBC Off/NCO; Co Cdr/1SG; Trng NCO	AR 350-41; FM 3-series; FM 25-100; FM 25-101; Qtr Trng Guide; SMCT; Unit MTP
*Review the unit's latest ARTEP and CTT evaluation results to identify those NBC tasks that require additional training emphasis. Once these tasks have been identified the NBC NCO should seek ideas from the unit senior NCOs and 1SG to formulate a tentative NBC training plan. Additional assistance should be obtained from the BN Chemical Section.	CO NBC Off; BN NBC Off/NCO; Co Cdr/1SG; Trng NCO	AR 350-41; FM 3-series; FM 25-100; FM 25-101; Qtr Trng Guide; SMCT; Unit MTP
*Attend all unit level training meetings and become a regular member. Be prepared to discuss identified shortfalls in NBC training and have a formalized training plan with needed resources identified.	CO NBC Off; BN NBC Off/NCO; Co Cdr/1SG; Trng NCO	AR 350-41; FM 3-series; FM 25-100; FM 25-101; Qtr Trng Guide; SMCT; Unit MTP
*Seek the use of training devices/areas/ranges to make NBC training realistic as possible. (Example: Wearing of individual protective gear during training will insure that the unit can perform all missions/tasks while in MOPP.)	CO NBC Off; BN NBC Off/NCO; Co Cdr/1SG; Trng NCO	AR 350-41; FM 3-series; FM 25-100; FM 25-101; Qtr Trng Guide; SMCT; Unit MTP
*Finally, in a progressive manner, the unit NBC NCO coordinates with the unit training NCO to schedule those NBC tasks that have been identified as requiring additional emphasis.
