

ARC-44: Capability integration leads and/or supports the ARCIC Lines of Effort (LOE) "develop and integrate capabilities."							As of: May 2011	
Criteria	Criteria Guidelines	References	Required Documents	Applicability				Mandatory Comments
				CoE	School/College	TR NCOA	RC	
Criterion 44a: Integrate concepts across DOTMLPF and WFFs (level 1) (See Note 1)	44a(1): Army Concept Framework (ACF) RCs are basis for Capability Needs Analysis (CNA) and Organizational Based Assessments.	ARCIC Campaign Plan (ArCP).	OBA's in development.	X				
	44a(2): Provides WFF SME input for development of capstone and operating concepts.	TR 71-20 ArCP.						
	44a(3): Reviews other AFCs and provides CoE SNE input to ensure accuracy and sufficiency of CoE specific topic areas.							
	44a(4): Leads team of WFF SMEs to create the Warfighting functional concept for assigned WFF.							
	44a(5): Develops concepts across DOTMLPF for assigned functional areas.							
	44a(6): Develops Integrated Learning Plans for prepotencies and Army Warfighter Challenges assigned to the CoE.							
Criterion 44b: Integrate within WFF, across DOTMLPF (level 2) (See Note 2)	44b(1): Single requirements document captures full DOTMLPF solutions/implications for capability gap mitigation within assigned functions and organizations.	CJCSI 3170 TR 71-20.	Requirement documents	X				
	44b(2): Capability requirements are integrated and deconflicted within assigned warfighting function and assigned organizations.	TR 71-20.		X				
	44b(3): Requirements capabilities can be traced back to Army and Joint Concepts (added).							
	44b(4): Leads WFF ICDD; conducts CBA and all other WFF related organizational and functional assessments.							
	44b(5): Identifies gaps and identifies redundant overlaps in capability supporting the WFF.							
	44b(6): Provides guidance for DOTMLPF requirements supporting the WFF based on relative priority of validated gaps and solutions from CBAs.							
	44b(7): Provides recommendations for divestitures of WFF related systems based upon unnecessary redundancy.							

ARC-44: Capability integration leads and/or supports the ARCIC Lines of Effort (LOE) "develop and integrate capabilities."					As of: May 2011

	44b(8): Provides guidance and priorities ICW ArCP for WFF related requirements development efforts by force modernization proponents.							
	44b(9): Writes, staffs, and adjudicates requirements documents for WFF solutions for designated lead and force modernization prepotency areas.							
	44b(10): Endorses all WFF requirements documents developed by force modernization proponents.							
	44b(11): Develops operational architectures for assigned organizations.							
	44b(12): Provides guidance and enforces the operational architecture for solutions which directly enable the assigned WFF.							
	44b(13): Leads CoE effort to evaluate resource and benefit implications and other stakeholders as required (cost-benefit analysis).							
	44b(14): Develops organization designs and determines impacts of other developments on assigned organizations.							
	44b(15): Coordinates with other CDIDs, FM proponents, other services, and Joint HQs to prioritize, integrate and synchronize WFF requirements.							
	44b(16): ICW ARCIC provides Army WFF input to joint developments.							
	44b(17): Integrates proponent missions assigned to CoE commander in AR 5-22							
	44b(18): Reviews development proposals for compliance with WFF requirements.							

Note 1: CDID identifies or refines operational problems to be solved. Develops or refines concepts and identifies required capabilities to lead developments (across DOTMLPF) in functional areas, and for the development of combined arms action capabilities.

Note 2: CDID plans, coordinates and integrates capability solutions across the DOTMLPF within assigned warfighter functions and organizations. Integrates capabilities within CoE assigned warfighter function(s) and organization(s). CDID plan identifies capabilities and capability gaps. Identifies and develops solutions within the Warfighting Functions to mitigate capability gaps.
