

**FORT LEONARD WOOD, MO
NONCOMMISSIONED OFFICERS ACADEMY
SYLLABUS FOR 91L30
ADVANCED LEADER COURSE**

CONSTRUCTION EQUIPMENT REPAIRER

Purpose:

The Resident MOS 91L30 Senior Construction Equipment Repairer Course provides Ordnance Non-Commissioned Officers (NCOs) with common leader and skill level 3 technical training required to perform duties as a Senior Construction Equipment Repairer.

Course Scope:

- 47.4 hours of Common Logistics training MOS specific training;
- 12.7 hours of construction equipment repair fundamentals;
- 45.8 hours of construction equipment repair;
- 34.3 hours of construction equipment repair performance evaluation;
- 40.0 hours of automotive air conditioning;
- 40.0 hours of welding and cutting familiarization.
- 31.8 hours of maintenance management.

Study assignments are conducted on the U.S. Army Engineer School Blackboard and consist of managing a maintenance facility safety program; establishing a maintenance facility publications library; establishing maintenance facilities; managing tool control procedures; managing key control procedures; managing the TMDE Calibration Program; supervising maintenance operations; and Ordnance Corps history. Plus, a study assignment is conducted on the U.S. Army Combat Readiness Center Blackboard and consists of the Commander's Safety Course.

11.5 hours for Mandatory Training

Course Prerequisites:

1. Upon enrollment, all students must meet the standards prescribed by AR 350-1, AR 600-9, and DA PAM 611-21. (Note: These prerequisites may not be amended by local requirements.)
2. Active duty students must have a minimum of twelve months remaining on their current enlistment.
3. All qualified Soldiers must be enrolled in the Senior Construction Equipment Repairer Course in a regular scheduled training status when approved by their unit commander.
4. Prior to attending, Soldiers over 40 years of age must complete a medical screening at their local installation, and then hand carry a copy of the medical screening report to the Chief, Senior Construction Equipment Repairer Course (ALC).
5. It is a training requirement to have the ability to logon to the Fort Leonard Wood network to
