

2010 HOLIDAY MESSAGE
FROM THE CHIEF,
MILITARY POLICE CORPS REGIMENT,
REGIMENTAL CSM AND THE
REGIMENTAL CHIEF WARRANT
OFFICER

Significant portions of our Military Police are forward deployed at the *Tip of the Spear* this Christmas season. They are vanguards of freedom, liberty and the American way of life. The sacrifice of Military Police and their families' this past year was significant, but also made a difference for the nation. While many Americans watch world events and history in the making from the comfort of their homes, it is the MP who is actually participating in those events and in shaping that very history. As the Regimental Leadership Triad, we want to personally thank each one of you who serve with or support the Military Police Corps Regiment. The heavy burden shouldered by the members of the Regiment and their families during this time of conflict has not gone unnoticed. The undaunted strength and perseverance of the MP family receives the highest praise from our nation's leaders. The missed holidays, birthdays, anniversaries, and numerous family milestones due to separations and mission requirements is a high price, yet you quietly and humbly go about your duty in the truest sense of patriotism. We, as a Regiment, share together the joys and heartaches as we stand firm against those who would seek to subjugate others under the shroud of evil. Together we grieve and together we celebrate; the events of this past year truly bind us forever as a family.

You should find strength and fulfillment knowing that you bring hope to the oppressed and maintain the ramparts of our nation. May the Lord bless the Soldiers, civilians and family members of this heroic Regiment during this Holiday Season and we extend our very best wishes for your safety, health, and prosperity in the coming year.
