

Team,

As I assume responsibility as our 11th Military Police Corps Regimental Command Sergeant Major, I want to pass on my initial comments.

I am honored to be your MP Regimental Command Sergeant Major. This is indeed an exciting and humbling experience for me. I am committed to supporting you, your Soldiers, DA Civilians, and their Families.

I look forward to engaging the Soldiers of our great Regiment. I want to hear their concerns and proud accomplishments. I intend to build on the great successes of those who have served before me and to be a positive influence. I will lead by the right example, sustain the rich heritage of the Military Police Corps Regiment, and tell our MP story to all who will listen.

Thank you for your continued support and efforts.

"Of the Troops, for the Troops"
