

Dismounted Soldier Training System (DSTS)

Purpose of Trainer:

The Dismounted Soldier Training System (DSTS) is an immersive collective virtual training system provides a virtual 360 degree training environment for any dismounted elements. The DSTS is designed for Squad to Company sized training for battle drills and combined arms mission rehearsal exercises.

Prerequisite: DSTS requires Advanced Combat Helmet (ACH) for all participating personnel and a train-up on system operation prior to the training event.

Note: Fort Leonard Wood, TSC is equipped with (1) Squad size DSTS system, located in Building 1230, Caisson Drive.
