SPILL RESPONSE GUIDE for POLs & Hazardous Material: REPORT ALL SPILLS

For more information, contact the DPW Environmental Office at 573-596-0882 or visit us at Building 2222, located at 1334 First Street Street

- 1. Protect yourself:** Assess the hazards, extinguish flames, use personal protective equipment, and eliminate ignition sources.
- 2. Stop the flow:** Close valves, turn off pumps, etc.
- 3. Contain the spill:** Use absorbent material, containers, or block flow.
- 4. Report the spill:** ALL spills, regardless of volume, must be reported immediately to 911 and the FLW Environmental Office (573-596-0882).
- 5. Clean the spill:** Facility occupants or the responsible Unit must cleanup the spill. If necessary, call 573-596-0333 to place a Priority 1 Service Order for cleanup. Check in at Building 2212 (DPW Compound) to dispose contaminated dirt.
- 6. Restore the site to its original condition.**
- 7. Restock cleanup materials.**
- 8. Submit a completed Spill Report Form within 3 days to the FLW Environmental Office.**
